# FISH & FILMS

## FILMMAKERS STILL HAVE A MONTH TO SUBMIT THEIR SHORT FILMS TO FISH & FILMS FESTIVAL

The Sillages association which is dedicated to cinema promotion reminds that short filmmakers have until the 30th August 2020 to submit their films to the Norman and British short film festival Fish & Films which is planned to run from the 29th to the 31st of January 2021 in Granville, Normandy.

### ORIGINS OF THE FISH & FILMS PROJECT

Fish & Films stems from the wishes of the two founding members of the Sillages association to create a cinema event in Granville and more specifically, a short-film event. The British-Norman focus resonates with the geography and the history of Granville and, in a wider context, of Normandy with United Kingdom.

### THE FILMS WE ARE LOOKING FOR

The association which organizes the festival is looking for films shot in Normandy, France or in the United Kingdom or those made by filmmakers, actors or technicians who live or who were born in Normandy or the United Kingdom. The short films should be completed after 1st January 2018 only, with a running time from 1 to 30 minutes maximum and with French subtitles (for English films) or English subtitles (for French films). The festival will offer one official selection and other non-official selections (for schools for example).
